

To the wonderful men and women of the Kansas City Police Department and supporting staff I would like to take this opportunity for the new year of 2025 just to say thank you for all of the tireless, selfless work that you do every single day. When everyone is running from danger you are running towards danger; when we are asleep, you are awake; when we're not cautious or careful of our surroundings it's always refreshing to know that there's someone who's looking out for us.

Words cannot express the gratitude of debt that is owed to each and every one of you. Maybe you do not hear it enough, but you are such a vital important part of our society, of our world, our country, our city, our state or town; you guys simply rock.

I am so thankful to be working with the police department of Kansas City Missouri. It is a privilege to serve you guys and to work alongside you guys and to pray for you guys each and every day. May God keep you; may God continue to bless you and may you be all that God would have you to be. Thank you for your service.
