Dear Chief Graves,

On behalf of the Hunt family and the entire Chiefs organization, thank you for all your help in planning and coordinating a tremendous parade for the Super Bowl LVII Champions!

What a terrific celebration. It was incredible to see so many people in the streets, parks, and offices filling downtown Kansas City. It meant so much to our players, coaches, and staff to be able to share our joy with Chiefs Kingdom.

I know that a lot of hard work went into planning a celebration of this magnitude, especially in such a short period of time. I also know that the hard work led to a life-long memory for hundreds of thousands of people who were able to celebrate the Super Bowl victory.

Thank you, to you and your team, for all your work in planning the Super Bowl LVII Parade. Please know that we are truly appreciative of your efforts, and that your work helped create an incredible moment for so many people.

Go Chiefs!

Sincerely,

Clark Hunt
