

Hate Crime Investigations for Detectives

March 28, 2024

0800 - 1600

Academy Room 303

This course prepares detectives to recognize, document and investigate hate crimes. Students will learn about local, state and federal hate crime laws, how to support hate crime victims, hate crimes trends in the United States, internal department policies and organized hate groups. The course is inclusive of all hate crime bias motivation types. It is ideal for investigators who are charged with working investigations that could involve a hate crime.

The class will have instruction from: KCPD's LGBTQ+ Liaison, KCPD Bias Crime Analyst, KC Regional Fusion Center, City/State Prosecutor Office, Special agents with the FBI Hate Crime Task force, and the US Attorney's office.

The class has a preference for Detectives and supervisors of investigative elements. However, officers may sign up and fill extra spots, if available. Please only register if you have approval from your command staff to attend. If you have more questions about the course, please contact alex.saragusa@kcpd.org.
