

”Lord, Increase our Faith”

What would life be without God? And what would life look like without faith in God? There is God and He is the Father of all and the Creator of everything! He relates with us in the most intimate way!

The depth of our relationship with God depends on our faith in Him! It is in this light that we can understand the request of the disciples of our Lord in the Gospel; “Lord increase our faith.” (Lk 117:5) In other words, ‘Lord deepen our relationship with you; our understanding of you; our love of you; our quest for you! ’This is so true because faith is a relationship, a communion and an ascent to God. How deep is this relationship with God in your life? A life lived outside faith in God is fruitless, unproductive and sad! A life lived without faith in God is dead!

It is only an activated faith that flourishes God’s gifts in us. A people of Faith is productive through the great drive their faith inspires in them. Our faith in God reckons us as to be upright before God!

How deep is your faith? How intimate is your relationship with God? Where is your trust? What is standing between you and your Creator? To live without faith is not to have any personal relationship with God!

May God increase your faith in Him; may He increase my faith in Him! May He bring us closer and nearer to Him; Amen.

Have a Blessed week,
Fr. Rocha
