**Please be sure to send your payment after submitting your order via email.** If your payment has not been received by **April 4, 2025**, or if payment arrangements have not been made in advance, your order is subjected to be canceled.

**Cash App** \$gmapopo09 (zero9)

**Venmo** @gmapopo09 (zero9) last 4 of cell is 6483

\*\*\*In the "notes" or "what is this for" section only put **BELIEVE**

If you are using a business account or something other than your actual name, please put your first and last name in the notes or email me the name of your business. When the name on the payment doesn't match the name on the order, it makes it difficult for me to figure out who the payment is from. I want to be sure everyone gets the coin(s) they ordered. If someone else is making the payment for you, please have them put your name in the notes.

**PayPal:** Please pay using friends and family only. If "goods and services" is selected, I will be charged a fee, therefore I will refund the payment made and request that you resubmit your payment.

**Venmo:** please make sure the full refund choice is off (toggle left and gray in color). If the protection is chosen, I am charged a fee. Unlike PayPal, Venmo does not allow me to refund improperly made payments (because I don't have a business account). So please send payments correctly.
