

Understanding God's Will for You in 2025

As we reflect over the past few weeks of this New Year, we may be asking ourselves the question what is it that God would have me to do in this new year?

Well, I would like to share just a few observations that we need to look at as we continue in this new year.

As the brave men and women who protect this great city, there are four things that you need to examine yourself that you might understand God's will for your life in 2025:

- God's Will That You Think Rightly About Yourself
- God's Will That You Have Meaning And Purpose In Your Life
- God's Will For You To Experience Contentment
- God's Will For you To Be Secure

I strongly believe if a person can discover their purpose in this life, they will live a great life. As Kansas City police officers, you all have chosen to be the guardians of our great city. We the chaplains of this great force understand your need to know your purpose. We thank you for your service.

So, as you reflect on the future remember these 4 principles. God wants you to think right about yourself, understand that life has meaning and purpose for all of us. Also God wants you to experience contentment and be secure. Let's be safe out there as you serve and protect this great city. God bless you all

Charles L Oliver Jr, TH.D
Chaplain 6913, KCPD
