

## Devotion for Informant

Written by Chaplain Brenda J Smith

Heavenly Father, today, our brave police women and men go into their assigned communities and confront many dangerous situations. We know their job mandates they deal with drama and trauma on every level. So, we ask You, Lord, to help them guard their hearts. The well springs of their life flow out of their hearts. Keep them and their families, Lord. You are their safety net in the line of duty. As Psalm 147:3 says, you heal broken hearts and bind up the wounded. Heal every broken heart and bind up those who are broken from exposure to horrifying situations.

Please grant our officers your almighty protection, a strong spirit, and loyalty to their fellow officers, community, and You, who serve along side of them. Please stay by them and deliver them home safely to their families every time they are sent out on assignment. Grant our Kansas City Police Officers Your personalized attention and care. You said You'd provide their every need according to Your riches and Your glory. Thank You, Almighty God.

Bless these brave men and women who keep our homes, children, ministries, communities, and businesses safe.

You are the Almighty, Omniscient Lord who has sovereign power and eternal wisdom. Give the men and women of blue Your wisdom and discernment coupled with love, so they may exercise your faithfulness on a regular basis with power and authority from on high. Lord, be their guide and their strength. Keep them safe from their enemies, and bless them with your shalom, so they too may live in your peace.

Thank You, Heavenly Father, Creator of all that is.

Amen!
